

Acme Industries Inc.

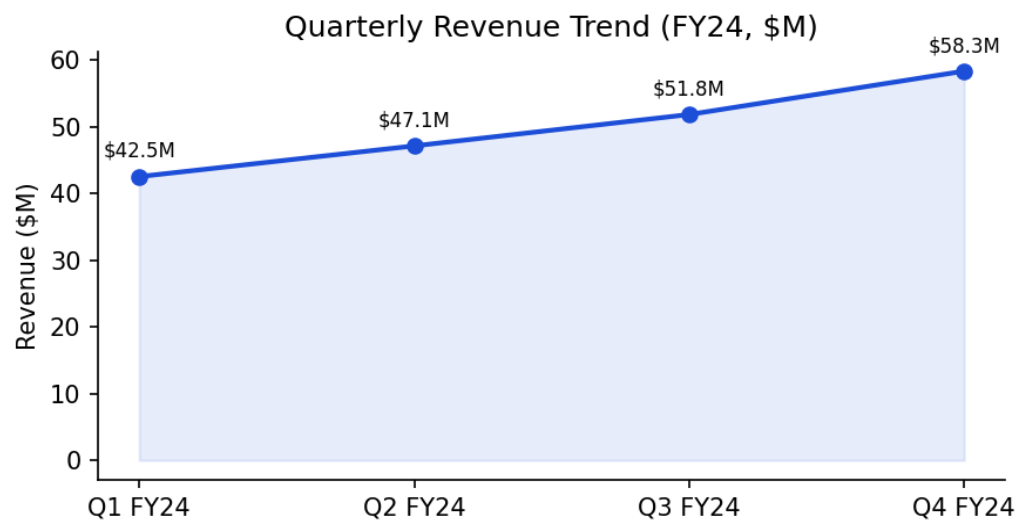

Fiscal Year 2024 Quarterly Financial Report

This report summarizes Acme Industries' financial performance for fiscal year 2024 (FY24). The company delivered consistent quarter-over-quarter growth in revenue and profitability, driven by strong demand in its core industrial products segment and disciplined cost management.

Management Commentary

Total revenue grew from \$42.5M in Q1 to \$58.3M in Q4, representing a 37.2% increase across the fiscal year. Gross margin improved from 57.2% in Q1 to 59.3% in Q4 due to procurement efficiencies. Net income more than expanded on a similar trajectory, reflecting operating leverage as the business scaled. The Board declared no special dividends during the period.
